

VISION STATEMENT The Burley Public library staff, board, and community envision a future where the library serves as a premier information resource that supports, enhances, and inspires learning and personal enrichment.

MISSION STATEMENT The community served by the Burley Public Library can expect to:

- 1) Access recorded knowledge and information in all formats.
- 2) Find the library building, services, and programs as a central and essential presence.
- 3) Gain advancement in literacy and reading and preservation of local history.
- 4) Encounter personal enrichment and learning experiences for success in jobs, individual interests, social connections and education

for success in jobs, individual interests, social connections and education.
